What you should know

- **Primary Care Physician (PCP):** A PCP is important for receiving care and this plan requires you to select a PCP. When you enroll, we'll ask who your PCP is. Having a PCP on file can affect how we pay for your care so this is an important step when you sign-up.
- **Referrals:** Aetna Medicare Prime (HMO) doesn't require a referral from a PCP to see a specialist. Keep in mind, some providers may require a recommendation or treatment plan from your doctor in order to see you.
- **Limited Network:** This plan offers a local network of select contracted providers. You can see our plan's provider directory at our website at www.aetnamedicare.com/findprovider.
- **Prior authorizations:** Your doctor will work with us to get approval before you receive certain services or drugs. Benefits that may require a prior authorization are listed with an asterisk (*) in the benefits grid.

You can find more details on each benefit listed below in the Evidence of Coverage (EOC).

- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2022.
- Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
