1 | About this Plan

Which doctors and hospitals can I use?

Cigna Fundamental Medicare (HMO) has a network of doctors, hospitals and other providers. If you use the providers that are not in our network, the plan may not pay for these services.

- › You can see our plan's *Provider Directory* at our website, **CignaMedicare.com**.

What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers—and more.

- › Our customers get all of the benefits covered by Original Medicare.
- › Our customers also get more than what is covered by Original Medicare. Some of the extra benefits are outlined in this *Summary of Benefits*.

Cigna Fundamental Medicare (HMO) covers Part B drugs including chemotherapy and some drugs administered by your provider; however, this plan does not cover Part D prescription drugs.
