1 | About this Plan

Which doctors, hospitals and pharmacies can I use?

Cigna Preferred Plus Medicare (HMO) has a network of doctors, hospitals, pharmacies and other providers. If you use the providers that are not in our network, the plan may not pay for these services.

4 | Prescription Drug Benefits

Medicare Part D Drugs Initial Coverage

The following charts show the cost-sharing amounts for covered drugs under this plan. After you pay your yearly Part D deductible, you pay the following until your total yearly drug costs reach **\$4,430**. Total yearly drug costs are the total drug costs paid by both you and our plan.

You may get your drugs at preferred or standard network retail pharmacies, or preferred mail order pharmacies. Your prescription drug copay will typically be less at a preferred network pharmacy because it has a preferred agreement with your plan.

You can get your prescription from an out-of-network pharmacy, but may pay more than you would pay at an in-network pharmacy. If you reside in a long term care facility, you would pay the standard retail cost-sharing at an in-network pharmacy.

Your costs may be different if you qualify for *Extra Help*. Your copay or coinsurance is based on the drug tier for your medication, which you can find in the plan *Comprehensive Prescription Drug List* on our website **CignaMedicare.com**. Or, call us and we will send you a copy of the *Comprehensive Prescription Drug List*.

Coverage Gap

Most Medicare prescription drug plans have a Coverage Gap (also called the Donut Hole). This means that there is a temporary change in what you will pay for your drugs. The Coverage Gap begins after your total yearly prescription drug cost (including what our plan has paid and what you have paid) reaches **\$4,430**. Not everyone will enter the Coverage Gap.

After you enter the Coverage Gap, you pay **25%** of the plan's cost for covered brand name drugs and **25%** of the plan's cost for covered generic drugs until your costs total **\$7,050**, which is the end of the Coverage Gap.

Catastrophic Coverage

You qualify for the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **\$7,050** limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will stay in this payment stage until the end of the calendar year.

Your share of the cost of covered drugs will be the greater of:

- › Coinsurance of **5%** of the cost of the drug, or
- › **\$3.95** for a generic drug or a drug that is treated like a generic and **\$9.85** for all other drugs.
 - Our plan pays the rest of the cost.
