Helpful Definitions

Health Maintenance Organization (HMO)

A type of health insurance plan. In most HMOs, you can only go to the hospitals, doctors, and other healthcare providers that have agreements with the plan, except in an emergency. Some HMOs require you to get a referral from your primary care doctor before seeing a specialist — however, with Healthfirst Signature (HMO), you will never need a referral to see an in-network specialist.

Premium

The amount of money some people must pay monthly, quarterly, or twice a year to be covered by a health insurance plan or program. However, your Signature plan has no monthly plan premium.

Copayment (or copay)

A fee that you pay each time you go to the doctor, get a prescription drug filled, or get other services.

Coinsurance

The percentage of costs of a covered healthcare service you pay (for example, 20%) after you've paid your deductible. Your insurance company pays the rest (80%).

Important Tips

Use in-network providers and pharmacies.

Healthfirst Signature (HMO) has a network of doctors, hospitals, pharmacies, and other providers at 100,000+ locations.* If you use providers or pharmacies that are not in our network, the plan may not pay for those services or drugs, or you may pay more than you pay at a pharmacy in the Healthfirst network.

Browse our provider/pharmacy directory.

The best way to find a doctor or specialist and pharmacy in the Healthfirst network is to visit **HFDocFinder.org**. You may also stop by one of our convenient Community Offices (visit **healthfirst.org** for locations) or call us for assistance.

Check the Healthfirst formulary.

The formulary is a list of prescription drugs (both generic and brand name) covered by the health plan.

To download a copy of your Healthfirst Medicare Plan Formulary, visit **HFMedicareMaterials.org**. You can also pick one up at a Healthfirst Community Office. A formulary is a list of prescription drugs (both generic and brand name) covered by your health plan.

Medicare Part D Prescription Drug Coverage

Your drug costs depend on three factors:

1. **Your plan's drug deductible**
2. **Your drug's tier**
3. **The Part D Prescription Drug Coverage Stage that you're currently in**

There are six drug tiers and four coverage stages of Part D prescription drug coverage (set by the Centers for Medicare and Medicaid Services). See chart on the next page.

1. Check the Healthfirst plan's formulary (list of approved drugs) at [healthfirst.org/formularies/](https://www.healthfirst.org/formularies/) to see if your prescription drug is covered and find out which drug tier it's in. All drugs in Tier 1 (generic drugs) are not subject to the drug deductible and have a \$0 copay.
2. Starting at the beginning of the year, you pay only the copay for Tiers 2, 3, and 6 drugs, without having to pay a deductible first. For Tiers 4 and 5 drugs, you must pay the annual \$250 deductible out of pocket before the plan helps pay for the costs of these drugs. Once you meet the deductible, you will pay the copay or coinsurance for these drugs until you reach the initial coverage limit.

3. Next, look at your Part D Prescription Drug Coverage Stage. You start at the Deductible Stage and move forward as the total dollars spent on your drugs increases. Depending on which stage you're in, your 30-day supply drug cost will change.

- **Deductible Stage** - You pay full cost until deductible is met (Tier 1 drugs are always \$0)
- **Initial Coverage Stage** - Plan starts paying some of the cost
- **Coverage Gap** - You pay 25% of the drug cost
- **Catastrophic Stage** - Plan pays most of the cost

Medicare Part D Prescription Drug Coverage

Important Message About What You Pay for Insulin

You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on, even if you haven't paid your deductible.

With Healthfirst, you can save even more on your insulin! You can fill a 90-day supply of Select Insulins for the same price as a 30-day supply. Check your Healthfirst Plan Formulary at [healthfirst.org/formularies](https://www.healthfirst.org/formularies) to see which insulins are eligible for these savings.

Medicare Part D Prescription Drug Benefits

You can save money by getting a 90-day supply of prescriptions in Tiers 1–3 for the same cost as a 30-day supply during the initial coverage stage, at your local participating pharmacy or through mail-order.

Initial Coverage Stage

Tier	30-Day Supply	90-Day Supply
Tier 1 Preferred Generics	\$0	\$0
Tier 2 Generics	\$10 copay	\$10 copay
Tier 3 Preferred Brand and Generic Drugs	\$47 copay (\$35 copay for Select Insulins)	\$47 copay (\$35 copay for Select Insulins)
Tier 4 Non-Preferred Drugs	\$100 copay	\$300 copay
Tier 5 Specialty Drugs	26% of the cost	26% of the cost
Tier 6 Supplemental Drugs	\$10	\$30

Your costs may change depending on the pharmacy you choose and when you enter another stage of the Part D benefit. For more information on the additional pharmacy-specific cost sharing and the stages of the benefit, you can access our Evidence of Coverage (EOC) online at [HFMedicareMaterials.org](https://www.HFMedicareMaterials.org).

Healthfirst members can call **1-855-771-1081** (TTY 1-888-542-3821) to request a mailed copy.

Remember, if you are not satisfied with your existing plan and want to switch to Healthfirst, you have until March 31 to do so.

Frequently Asked Questions (FAQs)

About Healthfirst Signature (HMO):

Who can join the Healthfirst Signature (HMO)?

To join Healthfirst Signature (HMO), you must be entitled to Medicare Part A, be enrolled in and continue to pay for Medicare Part B, and live in the Healthfirst Signature (HMO) service area. Our service area includes the following counties in New York: Bronx, Kings, Nassau, New York, Orange, Queens, Richmond, Rockland, Sullivan, and Westchester. While anyone can join Healthfirst Signature (HMO), the plan is designed for people who don't qualify for programs that help pay Medicare costs like Extra Help or Medicaid. If you think you may qualify for any of these programs, please call us and we'll help you find a Healthfirst plan that's right for you. Call **1-877-237-1303**, 7 days a week, 8am–8pm (TTY 1-888-542-3821).

Which doctors, hospitals, and pharmacies can I use?

Healthfirst Signature (HMO) has a network of doctors, hospitals, pharmacies, and other providers. If you use providers that are not in our network, the plan may not pay for these services. You must generally use network pharmacies to fill your prescriptions for covered Part D drugs. You can see our plan's provider and pharmacy directory on our website at **HFDocFinder.org**. Or call us and we will send you a copy of the provider and pharmacy directories.

What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers—and more. Here are some medical costs that Healthfirst covers and Original Medicare does not:

- Annual deductible
- Routine eye exams and eyeglasses
- Charges for prescription drugs
- Hearing checkups and hearing aids
- Dental care

Comparing Healthfirst Signature (HMO) with other insurance options:

How is Healthfirst Signature (HMO) different from Original Medicare?

This plan offers additional benefits on top of Original Medicare (like dental, vision, hearing and acupuncture) and may be right for you if you do not qualify for extra financial help.

How is Healthfirst Signature (HMO) different from other Medicare HMOs?

Unlike other HMOs, you don't need a referral to see a specialist with the Healthfirst Signature (HMO). You also have a pick of a Healthfirst Signature Choice Extras supplemental benefit upon enrollment, and a specially trained member services team is available to you to help you navigate your health benefits.

Plan costs:

How will I determine my drug costs?

Our plan groups each medication into one of six "tiers." See chart on page 24 for a general overview of your drug costs. To find out which tier your drug is on and determine how much it will cost you, check your plan's approved drug list at healthfirst.org/formularies. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. In the Medicare Part D Prescription Drug Coverage section, we discussed the benefit stages that occur: Deductible, Initial Coverage, Coverage Gap, and Catastrophic Coverage.

Will I have to pay a monthly premium or deductible?

Healthfirst Signature (HMO) has a \$0 premium and a \$0 deductible for most medical and hospital services. There is an annual deductible of \$250 for prescription drug tiers 4, 5. For tiers 1, 2, 3, and 6 drugs, there is no deductible.

Whom should I contact if I need help with healthcare costs?

Contact us at at **1-877-237-1303** (TTY 1-888-542-3821).

Glossary

Ambulatory Surgery

Takes place in a center that exclusively provides outpatient surgical services to patients not requiring hospitalization and whose expected stay does not exceed 24 hours.

Benefit Period

The number of days of hospital inpatient or skilled nursing facility (SNF) care your plan covers.

Bone Mass Measurement

Measures bone density to determine whether a patient has osteoporosis (bone disease).

Cardiovascular Screening

Test for heart disease.

Coinsurance

The fee you owe a doctor for your care after you meet your annual deductible. The amount you owe is part of the cost of your care. Your insurance company pays the rest.

Example: A common coinsurance is 20%. In this case, after you meet your deductible, Healthfirst will pay 80% of the cost. You will pay 20% of the cost.

With Original Medicare, you will pay a 20% coinsurance for most outpatient services. However, with the Healthfirst Signature (HMO), you'll pay a lower **copay** for many of those same services.

Colonoscopy

Medical procedure where a long, flexible, tubular instrument is used to view the entire inner lining of the colon (large intestine) and the rectum.

Copayment (or copay)

A fee that you pay each time you go to the doctor, get a prescription drug filled, or get other services.

Example: If your health plan has a \$20 PCP copayment, you must pay \$20 for a checkup with your Primary Care Provider (PCP).

Cost Sharing

The general term for your health expenses, including deductibles, coinsurance, and copayments.

Covered Service

A service that you are entitled to and which your plan will cover under the terms of your plan. Some cost sharing may apply.

CT

Computed tomography is a medical 3-D imaging technique.

Deductible

The amount of money you must pay in covered expenses each year before your plan or program pays anything for certain covered services. The deductible may not apply to all services.

Example: If your deductible is \$500, you need to spend \$500 for covered healthcare services within one year before your plan or program will start paying for your health services. Your deductible resets once every year.

Diabetes Screening

Test for high blood sugar levels.

Effective Date

The date on which your plan coverage begins.

Explanation of Benefits (EOB)

A form that you will receive that explains the treatments you and/or a dependent received, the portion of the cost that is covered under your plan, and the amount left that you may have to pay or may have already paid directly to your provider.

Evidence of Coverage (EOC)

The EOC gives you details about what the plan covers, how much you pay, and more.

Extra Help

Also known as the "Low-Income Subsidy." People who qualify for this program get help paying their plan's monthly premiums, as well as the yearly deductible and copayments for their prescription drugs.

Formulary

A list of prescription drugs (both generic and brand name) covered by your health plan. This may also be called a list of Part D prescription drugs or the Drug List.

Health Maintenance Organization (HMO)

A type of health insurance plan. In most HMOs, you can only go to the hospitals, doctors, and other healthcare providers that have agreements with the plan, except in an emergency. Some HMOs require you to get a referral from your primary care doctor before seeing a specialist. (Healthfirst does not require any HMO members to get referrals for in-network specialist care.)

Hospital Affiliation

Shows the hospital(s) where a doctor/provider can treat patients.

In-Network Provider

The doctors and hospitals that are part of the Healthfirst network who provide healthcare to our members.

Inpatient

An inpatient hospital stay is when a doctor admits you into the hospital for treatment.

Mammogram

A diagnostic X-ray of the breast.

Maximum Out-of-Pocket (MOOP)

The most you have to pay each year for expenses covered by your plan (i.e., the sum of the deductible, copay, and coinsurance amounts). Once you reach this amount, you do not pay anything for most services. This does not include your monthly premium costs, any charges from out-of-network healthcare providers, prescription drugs, or services that are not covered by the plan.

Remember, Original Medicare does not have a MOOP or any cap on spending, so your healthcare expenses can be very high over the course of a year.

Medicaid

A joint Federal and state program that helps with medical costs for some people with limited income and resources. Medicaid programs vary from state to state, but most healthcare costs are covered if you qualify for both Medicare and Medicaid.

Medicare Savings Program

A Medicaid program that helps people with limited income and resources pay some or all of their Medicare premiums, deductibles, and coinsurance.

MRI

Magnetic resonance imaging uses a strong magnetic field to create detailed images of your organs and tissues.

Network

A group of doctors and hospitals contracted to provide healthcare services to members of a health plan.

Original Medicare

Fee-for-service coverage under which the government pays your healthcare providers directly for your Part A (Hospital) and/or Part B (Medical) benefits.

Out-of-Network Provider

A healthcare provider (doctor or hospital) that is not a part of a plan network. You will typically pay more if you use a provider that is not in your plan network.

Outpatient

Medical services that do not require an overnight hospital stay.

Part B

Medicare coverage that covers preventive and medically necessary services.

Part D

Adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private-Fee-for-Service Plans, and Medicare Medical Savings Account Plans. These plans are offered by insurance companies and other private companies approved by Medicare. Medicare Advantage Plans may also offer prescription drug coverage that follows the same rules as Medicare Prescription Drug Plans.

Preauthorization/Precertification (also known as Prior Authorization)

Some healthcare plans, including Healthfirst, require you to check with them before you get certain services. This is to make sure that these healthcare services are necessary and are covered before you get them so that you will not be responsible for the entire cost. Preauthorization is required for many services, but it is not required in an emergency.

Premium

The amount of money some members must pay monthly, quarterly, or twice a year to be covered by a health insurance plan or program.

Preventive Care Services

Services you receive from your doctor that help prevent disease or to identify disease while it is more easily treatable. Under Healthcare Reform, most of these services are 100% covered by your insurance plan, which means that you will not have to pay for them.

Primary Care Provider (PCP)

Your primary doctor (also known as a primary care provider, or PCP) is the doctor who provides you with basic healthcare and preventive services to help make sure you stay healthy. Your PCP coordinates most of your care, authorizes treatment, and may refer you to specialists. Your primary care is covered only when you see your PCP, but Healthfirst members may change their PCP at any time by calling Member Services.

Referral

A written order from your primary care doctor for you to see a specialist or get certain services. In many HMOs, you need to get a referral before you can get care from anyone except your primary care doctor. If you don't get a referral first, the plan may not pay for your care.

With Healthfirst Signature (HMO), you can see an in-network specialist without getting a referral from your doctor.

Subsidy

Monetary assistance to help pay health insurance expenses, provided in the form of a refundable tax credit.

Special Needs Plan (SNP)

Medicare Special Needs Plans are a type of Medicare Advantage Plan designed for certain types of people with Medicare. Some Special Needs Plans are for people with certain chronic diseases and conditions, some are for people who have both Medicare and Medicaid, and some are for people who live in an institution such as a nursing home.

Coverage is provided by Healthfirst Health Plan, Inc. or Healthfirst Insurance Company, Inc. (“Healthfirst”).

Healthfirst Medicare Plan has HMO, PPO plans with a Medicare contract. Our SNPs also have contracts with the NY State Medicaid program. Enrollment in Healthfirst Medicare Plan depends on contract renewal.

Plans contain exclusions and limitations.

Healthfirst Signature (HMO) service areas are New York, Kings, Queens, Bronx, Richmond, and Nassau counties (H5989), and Orange, Rockland, Sullivan, and Westchester counties (H1722).

Healthfirst complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

Dental services must be medically necessary to be covered; limitations and exclusions apply. No out-of-pocket costs for entry-level hearing aids. Eyewear allowance can be used at participating retailers.

Telemedicine (Teladoc) isn't a replacement for your primary care provider (PCP). Your PCP should always be your first choice for care (both in-person and virtual visits).

The formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary.

Benefits, premiums, and/or copayments/coinsurance may change each year.

You must continue to pay your Medicare Part B premium.

- Review the formulary to make sure your drugs are covered.

UNDERSTANDING THE IMPORTANT RULES

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums, and/or copayments/coinsurance may change on **January 1, 2024**.
- For an HMO plan, except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in our provider directory).
- For a preferred provider organization plan (PPO), you are allowed to see providers outside of our network (non-contracted providers). However, while we will pay for covered services, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services you receive from non-contracted providers.
- For a dual-eligible special needs plan (D-SNP), your ability to enroll will be based on verification that you are entitled to both Medicare and medical assistance from a state plan under Medicaid.
